Have you ever played any Pokemon Hack Game? If not, the first game you should play is Pokemon Light Platinum.. It's definitely a relief to see something new to stare at when doing battles and such.

I, a new look, and you have a lot more options In general, it did what I always said should be done with a pokemon game, and it did it well.. For managing to make a game I find a problem with on every level, and nitpick every little flaw, and managed to not only make it satisfactory , but fun.. Now talking to NPCs is somewhat rewarding While most still puke out some garbage about obvious control commands or random pokemon facts.. Pokémon: Liquid Crystal is a ROM Hack developed for the GameBoy Advanced system.
